Welcome to St Jude's Support at Home Services

In this booklet you will find information relating to St Jude's Support at Home Services providing assistance to you or your loved one.

About Us

St Jude's Health Care Services has been supporting the community since 1982. In addition to our Support at Home Services we provide Residential Aged Care, Disability Services, and Mental Health Services. With more than 40 years' experience providing quality person centred care services to our clients, St Jude's Support at Home Services has the expertise to support you with all aspects of your needs at home.

Backed by a professional management team, St Jude's Support at Home Services strive for excellence in the delivery of cost-effective support. Drawing from our comprehensive medical and non-medical staff database, we have the capability to provide you with the most suitable support person in your home.

We strive to provide you with the highest level of care and support that you need to continue staying at your most comfortable place - your home.

It is important to us that it's all about your choice, and we work alongside you to tailor your care and services to match your needs. We take great care in matching our support workers to specific requirements, and at the same time, ensure you have your preferred support staff coming to your home when you need them most. Our staff are carefully reviewed and chosen to suit your lifestyle and choices, so you can relax and enjoy the freedom of home living.

Your Journey to St Jude's Support at Home Services

Do you already have government funded home care packages?

We have a simple guide for you to possibly access Support at Home Funding.

Speak to your GP about your support needs. The GP can refer you to an Aged Care Assessment Team, or if you are in hospital the medical and nursing staff can arrange this for you, or you can call 'My Aged Care' on 1800 200 422.

Face-to-face assessment

The Aged Care Assessment team may meet with you in person at your home. With your consent, they will assess your needs and eligibility for services. They will then work with you to develop a support plan which addresses your needs, goals and preferences.

You will receive a letter outlining your eligibility for funding, whether you have been approved, and the level of package and funds that has been approved.

Find out the costs

My Aged Care Service Finder and preferred service providers (St Jude's Support at Home - if you choose us) can give you information about the costs and financial assessment.

If you choose us as your provider of Support at Home Services

Our representative (Assessor or Manager) will come to you and discuss the services we can offer at no cost. If you choose us, we can carefully design a plan that best suits you for when you are allocated Support at Home funding.

You will receive a letter from My Aged Care with the details of your Support at Home funding once allocated. Your unique referral code will be included in the letter.

Once you receive your letter or chose us as your service provider, you have 56 days to finalise your Support at Home funding and Agreement. You can request an extension by contacting My Aged Care.

Do you already have government funded Support at Home packages?

Commencing Your Support at Home With St Jude's

- 1 Contact us or we will contact you to arrange a time for our Manager to come out and meet with you to discuss your support needs and choices. You may ask your friends or family to join the meeting.
- 2 With the information you provide, the Manager will prepare a service plan, proposed budget and a Support at Home agreement.
- 3 These will be given to you for you to discuss with your family, carer or your friends to make sure you have everything you need.
- 4 When you are ready give us a call, and the Manager will return to meet with you to sign your Support at Home Agreement, complete a full assessment, prepare your care plan based on your assessment, and confirm your service plan.
- 5 Our schedulers will then put in place and assign your services based on the dates and times you wish to commence with St Jude's Support at Home Services.

Now you are on board with St Jude's Support at Home Services

- 1 Our schedulers will contact you to advise the name of your support workers and the time slots they will be with you for your services.
- 2 If there is a change to your support worker and/or their schedule, then we will contact you.
- 3 You can cancel the scheduled services by giving us a call within the cancellation policy time frame, if you do not need the support.
- 4 We will provide you with a monthly statement of services provided the funding attributed to these services and the balance of funds available.
- 5 The support workers will follow a detailed care plan to ensure your needs are being met.
- 6 The Manager will review and update your services as your needs change.
- 7 If for any reason you wish to change homecare providers, then feel free to contact us.
- 8 If for any reason you wish to raise any concerns, then be assured we have a robust feedback system, where your concerns will be addressed in a timely manner (within 5 working days).

Combined Home Care Services

St Jude's Support at Home Services works in collaboration with other organisations and sectors to provide comprehensive services to assist people to continue living in their home and community.

If you are receiving services through the Department of Veteran Affairs or Veterans Home Care, you may also be able to receive additional services through Support at Home packages which will enhance your safety and independence while remaining in your own home and community. We are happy to discuss your customised package and your individual needs with you.

Fee For Service (Privately Funded)

Some people require additional services on top of the Support at Home packages, and not all people are eligible for Government funded services, but don't worry! We can assist you if you do not have a sufficient support package, and we will tailor these services to meet your requirements. Often, the time it takes to secure Support at Home funding means you will not have your immediate needs met, so in the interim, services can be put in place while you progress through the process.

If you are waiting for your assessments to be completed or you are researching the most appropriate provider to meet your needs, we can put services in place immediately while you wait.

If you wish to know more about our fee for service, please contact us. We have a range of cost-effective service models.

What About Current Home Care Package Recipients?

If you're already receiving a Home Care Package, assessed as eligible for HCP or on the National Priority System before 12 September 2024, you will be considered a **grandfathered participant**. This means:

- ➔ You can **continue with your current Home Care Package** arrangements.
- ➔ You can be "no worse off" under Support at Home Program in terms of your funding and contributions.
- ➔ You will transition across to Support at Home immediately on your current level of funding.
- ➔ Your provider will assist you in the transition to the Support at Home program.

Who else is affected?

➔ Transitional Participants

Assessed between 12 September 2024 and 31 October 2025

If you're assessed as eligible for a Home Care Package during this time, you'll be considered a **transitional participant**.

- You'll be required to contribute to the Support at Home program under the new fee structure when it commences on 1 November 25.

➔ New Participants

Assessed after 31 October 2025

From 1 November 2025, new participants will be assessed using a new Single Assessment System. Approved participants will receive:

- A Notice of Decision
- A personalised support plan outlining care needs and goals
- A classification and associated budget
